SUMMARY

IMIS Master's student with hands-on experience in agile project coordination, process improvement, and operational reporting. Experienced in managing task backlogs in Jira, maintaining university web content through a CMS, and building KPI reports in Power BI and Excel. Seeking a working student position in IT project management or a PMO, supporting structured project delivery and team coordination.

EXPERIENCE

Web & Project Coordinator (Volunteer)

Fachhochschule Südwestfalen | 03/2026 – present

- Maintain and update the official IMIS web portal with **CMS administrator access**, granted by faculty leadership and the university web office.
- Coordinate web releases and campus event logistics, tracking deliverables and deadlines across teams on **Jira Kanban boards**.
- Translate project requirements into **actionable tasks and clear documentation**, keeping published content accurate and consistent.

Technical Project Lead

NexTep Edu (nextepedu.com) | 05/2025 – 03/2026

- Set up and managed the **digital infrastructure** for an international education consultancy, including website deployment and hosting.
- Automated routine administrative workflows using **BPMN 2.0** and **AI tools**, reducing manual data entry and processing time.
- Created client-facing **presentation decks** and marketing materials in **Microsoft PowerPoint** and Google Slides.
- Implemented a **self-service tracking model** for clients, improving their experience and simplifying digital communication.

Data & Operations Analyst

Renaissance Diagnostic Care | 02/2023 – 03/2024

- Extracted and cleaned demographic data on urban and rural patients through **ETL processes**, helping management track trends and **plan resources**.
- Mapped the patient journey and helped **redesign appointment booking**, cutting average on-site wait time by 25% (from 40 to 30 minutes).
- Built **visual reports and dashboards** from raw operational data, giving management clear metrics for **faster decisions**.
- Contributed to daily **KPI tracking** and monitored **supply chain logistics** to keep equipment available and daily operations running smoothly.

EDUCATION

Master of Arts (M.A.), International Management & Information Systems (IMIS)

Fachhochschule Südwestfalen | 03/2025 – present

Focusing on SAP-integrated management, data analysis, digital transformation, and information systems.

Bachelor of Business Administration (BBA), Management

National University, Bangladesh | 10/2016 – 05/2022 | Grade: 2,1

Focused on Business Statistics, Information Technology, Operations & Supply Chain Management, Marketing Management, Accounting & Financial Management.

PROJECTS

SAP BW/4HANA: End-to-End Data Warehousing Project | 09/2025 – 12/2025

- **Architecture & Data Acquisition:** Built a multi-layer **Enterprise Data Warehouse (EDW)** in **SAP HANA Studio**, creating DataSources and transformations to load raw data into ADSOs.
- **Business Intelligence Reporting:** Designed **BW Queries** to analyze KPIs and sales trends, and configured **Master Data hierarchies** for accurate reporting.

SKILLS

Project & Process Management: Agile (Scrum, Kanban), BPMN 2.0, Process Mapping, Jira, Confluence, SAP Signavio

Data Analytics & ERP: Power BI, Tableau, Advanced Excel, SQL, SAP BW/4HANA, KNIME, ETL Pipelines

Web, Cloud & Applied AI: Git, GitHub, HTML/CSS, Vercel, Supabase, AI Workflow Automation

LANGUAGES

Bengali (Native) | English (Proficient – IELTS 7.0) | German (A2)
