

Md Rezaul Karim

Master's Student in International Management & Information Systems (IMIS)

✉ myselfrezaul@gmail.com | ☎ +4915147483493 | 📍 Soest, Germany | 🌐 [Portfolio](#) | 🔗 [LinkedIn](#)

Summary

Adaptable Master's student in Information Systems combining business strategy with technical execution. Highly proficient in leveraging the People, Process, and Technology (PPT) framework to drive cross-functional efficiency. A quick learner who actively integrates AI tools to accelerate market analysis, automate workflows, and optimize product lifecycles. Passionate about using data-driven insights to analyze competition and deliver scalable solutions

Experience

Renaissance Diagnostic Care

07/2022 - 05/2024

Assistant Manager

- Analyzed local market trends to shape our pricing and promotional campaigns. Adapting our strategy based on this data helped **reduce customer acquisition costs by 15%** and **increased our reach by 30%**.
- Tracked daily operational data and managed **financial KPIs**. I built regular performance reports to ensure the clinic consistently met its **monthly targets**.
- Collaborated across different departments to map out and redesign our service workflows. **Finding and fixing these bottlenecks** directly improved team efficiency and the overall patient experience.
- Managed supply chain **logistics and inventory tracking**. I set up clear task priorities for the team to make sure we never experienced any operational downtime.

Education

Fachhochschule Südwestfalen

M.A.

International Management & Information System

03/2025 - Present

Focusing on SAP-integrated management, data analysis, digital transformation, and information systems.

Govt. Haraganga College, Munshiganj

Bachelor of Business Administration (BBA) • 2,1

Business Administration

10/2016 - 05/2022

Focused on Business Statistics, Information Technology, Operations & Supply Chain Management, Marketing Management, and Financial Management.

Projects

SAP BW/4HANA: End-to-End Data Warehousing Project

08/2025

- Architecture & Data Acquisition:** Built a multi-layer **Enterprise Data Warehouse (EDW)** structure using **SAP HANA Studio**, creating DataSources and transformations to move raw information into ADSOs.
- Business Intelligence Reporting:** Designed complex **BW Queries** to analyze **KPIs** and sales trends while configuring **Master Data hierarchies** for accurate reporting.

Agile Event Coordination (Academic Project)

03/2026 - Present

- Set up and managed **Jira Kanban boards** for a Management Communication course to organize large scale university events, including alumni gatherings and the IMIS Sports Day.
- Structured complex event logistics into actionable **Jira tickets**, tracking progress from the backlog to completion to ensure all team deadlines were met.

•

Applied **Agile methodologies** to streamline communication among student teams, coordinating tasks like catering, team sign ups, and equipment sourcing.

NexTep Edu | Consultancy05/2025 - Present

- **Product Strategy & System Design:** Engineered a self-service tracking model that allows students to monitor their application status, directly improving user experience and reducing manual intervention.
- **Workflow Automation:** Mapped complex user journeys using **BPMN 2.0** and integrated AI-assisted development tools to accelerate the technical rollout and automate standard tasks.
- **Scalability & Market Fit:** Designed a low-maintenance framework utilizing digital tools to efficiently handle client inquiries and adapt to growing market demands.
